**The Arctic Research Consortium
of the U.S. (ARCUS)** is organizing
the conference on behalf of the
arctic community and sponsoring
organizations.

Over 200 talks and two poster sessions will cover all aspects of arctic change, including sea ice, atmosphere, marine mammals and fisheries, vegetation change, geopolitics and international relations, resource management, impacts on local communities, connections to lower latitudes, and many others.

The conference will also feature a presentation by the Pavva Iñupiaq Dancers of Fairbanks, Alaska.

Please join us in Miami for this milestone event!
